the potential

**High precision drive-train spline gear shafts for
military and marine applications**

MANUFACTURE IN TURKEY!

**Marine and defence class filtration products
for various motors.**

MANUFACTURE IN TURKEY!

Rod end eye ball bearing with desired coating.

MANUFACTURE IN TURKEY!

Turbo charger cover for heavy vehicle and defence industry.

MANUFACTURE IN TURKEY!

Drive-train parts and accessories for defence industry.

MANUFACTURE IN TURKEY!

Aluminum valve blocks for defence and automotive industry

MANUFACTURE IN TURKEY!

Piston rods for defence industry , Automotive and pump.

MANUFACTURE IN TURKEY!

Aluminum casting gearbox frames for defence industry.

MANUFACTURE IN TURKEY!

Stainless steel diesel injection part for marine and defence industry.

MANUFACTURE IN TURKEY!

Engine valves for defence industry.

MANUFACTURE IN TURKEY!

Bronze and alloy guidance parts for marine and defence industry.

MANUFACTURE IN TURKEY!

**High precision aluminum casting ventilation blades
for defence industry.**

MANUFACTURE IN TURKEY!

High quality grade cover parts for defence-marine industry.

MANUFACTURE IN TURKEY!

High precision turbine blades for defence industry.

MANUFACTURE IN TURKEY!

Cast metal turbine blades for defence applications.

MANUFACTURE IN TURKEY!

**Bronze and alloyed linear guidance and bearing parts
for defence and marine industry.**

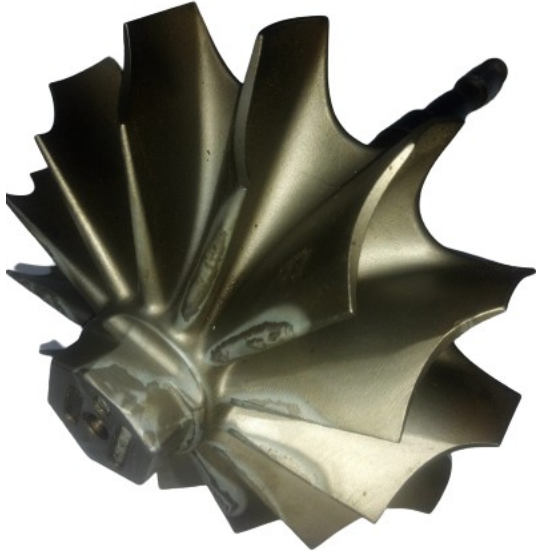

MANUFACTURE IN TURKEY!

High precision turbine blades for turbochargers.

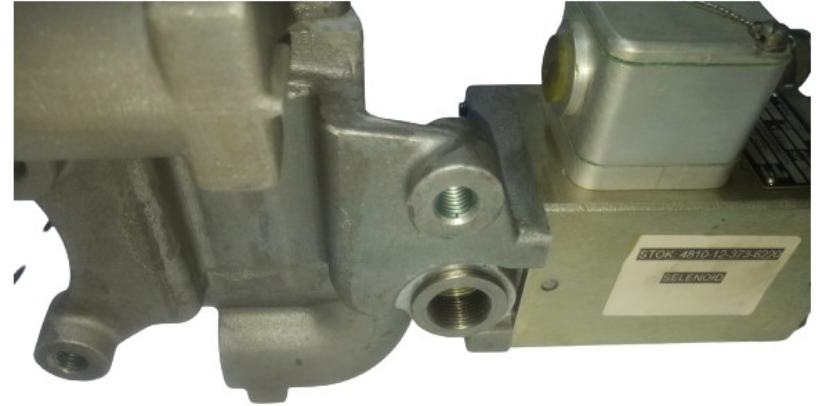

MANUFACTURE IN TURKEY!

High precision turbine blades for turbochargers.

MANUFACTURE IN TURKEY!

Hydraulic solenoid valves for defence industry.
